SOFTWARE ENGINEER

Washington DC - Baltimore Area

PROFILE

I'm a Software Engineer with 3+ years of experience in this field. I have worked with various tools and technologies in developing full web applications. I'm passionate, intrinsically motivated, and committed to growing into a top software developer, who can add value to organizations and society. I have natured profound interpersonal communication and collaborative skills that make me a dependable team player, leader, and worker in diverse environments.

WORK EXPERIENCE

SOFTWARE ENGINEER (JUNIOR ENGINEER)

6 MONTH INTERNSHIP AT RAYCORP

2022 -- 2023

- - Ensuring the continued functionality of a program during maintenance and testing of software.
- - Revisiting the development process to fix bugs or address client or customer concerns
- - Assigning a user story where I was required to create a back-end/front-end design on Figma
- - Allowing users to plan interventions with the batch that they were mapped to.

FREELANCING DEVELOPER

FIVER / NETWORKING

2021 -- 2022

- Implemented and updated application modules under the direction of a Senior Software Developer
- Addressed and fixed complex bugs.
- Performed automated testing tasks and developed complex features.
